

# Bifurcation And Degradation Of Geomaterials In The New Millennium

**Author :** Kam-Tim Chau Jidong Zhao / **Category :** Technology & Engineering / **Total Pages :** 381 pages

 [Download Bifurcation And Degradation Of Geomaterials In The New Millennium PDF](#)

**Summary :** Free bifurcation and degradation of geomaterials in the new millennium pdf download - this book contains contributions to the 10th international workshop on bifurcation and degradation in geomaterials held in hong kong may 28-30 2014 this event marks the silver jubilee anniversary of an international conference series dedicated to the research on localization instability degradation and failure of geomaterials since 1988 when its first workshop was organized in germany this volume of book collects the latest progresses and state-of-the-art research from top researchers around the world and covers topics including multiscale modeling experimental characterization and theoretical analysis of various instability and degradation phenomena in geomaterials as well as their relevance to contemporary issues in engineering practice this book can be used as a useful reference for research students academics and practicing engineers who are interested in the instability and degradation problems in geomechanics and geotechnical engineering

**Pusblisher :** Springer on 2014-12-29 / **ISBN :** 9783319135069
